

# All Aboard Katy!

"All Aboard Katy!" is a fun public art project that promotes tourism, unites and identifies the community, engages local businesses and artists, and raises funds for the Katy Heritage Society. This art project showcases local artist talent, increases the profile of Katy, emphasizes the area's close ties with railway history and provides an excellent opportunity to connect businesses and the cultural community.

Colorful locomotives have already been installed throughout the Katy area. Sponsors who support this public art and community project include banks, hospitals, PTA's and private businesses. All Aboard Katy! hopes to install more trains and is looking for additional sponsors. Sponsors can design their own train or work with an artist to come up with a custom design. Artists will paint the train in the project roundhouse at Villagio Town Center and it will then be installed by Venus Construction [www.venusconstruction.net](http://www.venusconstruction.net).

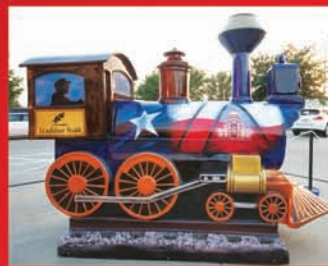

The Katy Culture & Arts Alliance is the conductor for this fun project. For more information about All Aboard Katy! or becoming a sponsor please contact Ana V. roman at [ana@katyalliance.com](mailto:ana@katyalliance.com) or visit [www.katyalliance.com](http://www.katyalliance.com).
